

Technology

November 2017

Keyboarding

Students in grades 3-8 will again be using typing.com for keyboarding and as always students are welcome to practice at home. Each student has their own username and password and need to login to keep track of their progress.

Coding

Students will continue to code using code.org.

Websites

Some of the websites the classes will be using include but are not limited to:

abcmouse.com
turtlediary.com
abcya.com
fungooms.com
typing.com
funbrain.com
mathplayground.com
mrnussbaum.com
pbskids.org
safekidgames.com
sheppardsoftware.com
code.org
starfall.com
50states.com
history.com
kids.nationalgeographic.com

Software

The following are some of the software programs that students will be using throughout the school year: Microsoft Office-Word, Publisher, Power Point, Excel, KidPix, Pivot Animator, & Google Docs

Email
