

8th grade Newsletter Nov. 14, 2018

Wow, snow already! Please ask your kids to dress for the weather, as we will be going outside for recess on most days.

Ask your child about the STEM project they did with the first graders on Tuesday. The 8th graders did a great job helping the 1st graders implement and understand the experiment.

You have amazing kids. I am honored to be their teacher and help prepare them for the next step.

A two gallon jug of ice water is accessible to the 8th graders in the classroom. Please encourage your child to bring a closed drinking container to class **each day**. This should be considered a privilege and eliminates interruptions in learning.

The Veteran's Day Celebration was amazing on Monday. I was so proud of the 8th graders for the amount of food items brought in. Thanks for your support. You are raising awesome kids by your examples.

for filling the jug. Great job. Keep sending in se.

SNOW DAYS

In the event of a day off school due to the weather, all assignments, study guides, tests, etc. will be due or take place the next day we return to school. Students should prepare to take all necessary study materials home each night and plan ahead.

Live joyously,
Mrs. Brueggemann

Upcoming Events
